PROPONENT UNIT/TECHNICAL WORKING GROUP	FIELD OFFICE NETWORK MANAGEMENT DEPARTMENT

ITEM NO.	PORTION OF BIDDING DOCUMENTS	QUERIES AND/OR SUGGESTIONS	LANDBANK's RESPONSES
1	Annex A: Terms of Reference 2.2 Conditions: b. Vendors must be feasible with the installation of the required MPLS leased lines for all the Offsite ATMs listed in a Lot indicated in 2.1 to qualify in the bidding for the said Lot.	May we request the possibility of relaxing the 'all or nothing' bid condition. Specifically. we are seeking flexibility to focus on the sites that can be served, allowing us to proceed with those locations where feasible.	We stick with the Condition 2.2b of the Terms of Reference wherein the Vendors are required to be feasible with the MPLS leased line installation (at least 2 Mbps) in all sites listed in a Lot to qualify for bidding.
	3. Technical Requirements 3.6 Physical/last-mile connectivity to the remote facility should be provided by means of fiber optic cable, including the installation of fiber cable from Vendor facility (Node) up to the remote site (booth/server rack/room). Cable conduit shall be provided by the Bank if needed.	For remote sites, may we request the possibility of using a wireless solution as an acceptable alternative for sites that are not feasible with fixed solution?	We cannot accept wireless solution for the last-mile connectivity. Again, we are sticking with the ones specified in the Technical Requirements particularly Section 3.6 – remote facility should be provided by means of fiber optic cable.
