Solar Panel/Photovoltaic Hybrid Type System

LANDBANK is inviting interested vendors to participate in the budget discovery/exploratory for the LANDBANK's Solar Panel/Photovoltaic Hybrid Type Systems.

The Bank requires 10 kWp Solar Panel/Photovoltaic Hybrid Type Systems that will be installed to Thirty (30) LANDBANK branches. The Solar Panel will be used for the support the Bank's Environmental Management System (EMS) Program on electricity conservation and cost reduction in its operation.

For interested providers, please email or call:
