

REQUEST FOR INFORMATION

Title of the project	Additional Ten Thousand (10,000) Device License Count for existing Cybersecurity Assets Management w/ Three (3) Years Warranty Subscription
Date of Posting	15 April 2025
Objective	Additional license count for existing LBP Cybersecurity Asset Management which provides a single source of truth for assets visibility and exposure challenge. This will enable the bank to see all its internal IT/OT assets, primarily through API integration with the bank existing security tools and solutions to identify assets, their vulnerabilities, security gaps, control and remediate issues.
