## **Performance Evaluation**

Performance evaluation of the Bank's Board of Directors is central to corporate governance. Performance rating sheets developed by the Institute of Corporate Directors

(ICD) are disseminated yearly to evaluate the performance of the Board and the Board-level Committees. The results of the performance assessments are evaluated and deliberated upon annually by the Corporate Governance Committee in a duly constituted meeting.

The rating scale for each item is from 1 to 5 (5 being the highest) and the total points are rated from 0% to 100% (95% - 100.00% as Superior, 85% - 94.99% as Ideal and 80% - 84.99% as Acceptable). There are 69 items in the Board rating instrument and 38 items in the Individual Rating of Board Members.

### **Percentage weight presentation:**

This rating instrument is divided into four categories with corresponding weights.

- Average score per category = the sum of all the average scores per director divided by the total number of directors multiplied by the percentage weight for each category
