OVERVIEW

0101 PURPOSE AND COVERAGE OF THE MANUAL

1. The Constitution recognizes the fundamental role of free and open exchange of information in a democracy, meant to enhance transparency and accountability in government official acts, transactions, or decisions. Section 28, Article II of the 1987 Constitution enunciates that the State adopts and implements a policy of full public disclosure of all its transactions involving public interest, subject to reasonable conditions prescribed by law. Section 7, Article III of the Constitution guarantees the right of the people to information on matters of public concern.
2. Sections 3 and 7, Article III of the Constitution as well as laws, rules and regulations, and jurisprudence also strengthen the fundamental human right of privacy and of communication while ensuring the free flow of information to promote innovation and growth.
3. In recognition of the urgent need to operationalize these Constitutional provisions, the President of the Philippines issued EO No. 2, Series of 2016, or the law on the PFOI on July 23, 2016.
4. This Manual is issued pursuant to EO No. 2, Series of 2016. The Bank ensures full support on the transparency, disclosure, and accountability in government official acts, transactions, and decisions without compromising the credibility and reputation as well as public confidence in the Bank. The Bank also warrants the protection of its privacy and that of its stakeholders in accordance with the Constitution, laws, rules and regulations. This Manual shall cover all requests for information given to the Bank by the requesting parties.
5. This Manual shall not cover requests for information:
 - a. By clients/customers/investors of the Bank on matters relevant and material to their accounts and investments;
 - b. By persons or entities with contracts or dealings with the Bank on information that they are legally entitled to have access to; and
 - c. By the public on information made known to them and other matters relevant thereto (e.g., products and services).
